

SPANISH TILE

Vespera

BRAVA'S Spanish Tile offers the classic warmth and beauty of authentic clay or concrete tile, in a durable yet lightweight, synthetic material, making it ideal for installation on existing homes and buildings, as well as new construction.

- > **AUTHENTIC LOOK** - BRAVA's products are the end result of a painstakingly detailed engineering process undertaken by the Design Team at BRAVA Roof Tile, the goal of which was to create a synthetic roof tile so authentic in its look that no one could tell the difference when placed side-by-side with its natural counterparts – even up close.
- > **LONG-LASTING PERFORMANCE** – backed by a 50-year limited warranty, BRAVA is designed to withstand even the most severe weather, boasting a Class 4 impact resistance rating (the highest hail performance certification recognized in the industry), Miami Dade approval, wind protection in excess of 110 MPH and either Class C or Class A fire rating.
- > **ENHANCED CURB APPEAL** – the curb appeal of a property directly correlates with owner satisfaction and higher property value, and few features can add to curb appeal like the aesthetics of a gorgeous Spanish Tile roof.
- > **LIGHT WEIGHT** – at only 257 pounds per square, BRAVA Spanish Tile allows for easy installation without the need for costly structural modifications or special installation techniques.
- > **COLOR TECHNOLOGY** – BRAVA'S proprietary multi-coloring process means you get the authentic appearance of a natural product, complete with variegated colors throughout the entire product. Thanks to its patent-protected coloration process, BRAVA turns any color you can imagine into a reality for your custom roof – with the help of BRAVA's Design Team, the possibilities are truly limitless.
- > **DURABLE** – BRAVA's proprietary formulation ensures virtually no breakage. This extreme durability surpasses that of its natural counterparts where breakage in shipping and installation can be a very costly concern.
- > **ENVIRONMENTALLY FRIENDLY** – Made in the USA, BRAVA uses recycled material to create a beautiful and durable roof that itself is fully recyclable.
- > **COMPLETE** – BRAVA's full line of accessory tiles make it the most complete and authentic Spanish Tile roof system on the market.

Beauty, long-lasting performance and total peace of mind highlight the benefits of BRAVA Roof Tile.
